

Manager Quality Assurance Clinical Research – part-time or on a fee basis

analyze & realize GmbH is a leading contract research and consulting company for manufacturers and distributors of pharmaceutical and dietary products as well as medical devices in the natural health segment. We conduct clinical studies nationally and internationally, and we provide regulatory, scientific, and market-related advice to companies.

We are looking for the following person to join our Clinical Research Department as soon as possible:

Manager Quality Assurance Clinical Research

in part-time (20h/Week)

Main areas of responsibility:

- Maintenance and optimization of our quality management system
- Maintenance, creation, and optimization of standard operating procedures (SOPs)
- Preparation, implementation, and follow-up of internal and vendor audits
- Staff training (conception, coordination, and documentation)
- Ensuring that studies are conducted in accordance with applicable national and international regulations
- Contact person for quality assurance and regulatory issues for our employees, customers, and cooperation partners

Education and experience:

- University degree in scientific, medical, or technical studies.
- Good knowledge of national and international regulations (e.g. AMG, GCP-V, ICH-GCP, MDR, ISO-14155 etc.)
- At least two years of experience in quality management in clinical research
- Good knowledge of all functional processes of a clinical trial
- Commitment, flexibility, initiative, ability to work under pressure and in a team
- Independent, problem-solving, and proactive working style
- Very good command of written and spoken English

We offer:

- The opportunity to actively shape your area of responsibility
- An environment with motivated employees and a personal atmosphere
- Targeted induction
- An attractive salary according to your personal work experience
- 30 days' holiday at 40 hours per week
- Absorption of the costs for a BVG ticket (area AB)
- Home office possible

Your application documents (please send by e-mail only):

- Meaningful cover letter explaining your motivation
- Curriculum vitae in table form
- Relevant certificates (including university entrance qualification)
- Possible starting date
- Salary expectation

We are looking forward to receiving your application!
