

# Senior Scientific Consultant (M/W/D)

analyze & realize GmbH, a&r is a leading consultancy company and a Contract Research Organization located in Berlin, Germany, with a specific focus on natural health products. We provide highly specialized services to marketeers of pharmaceuticals, supplements, medical devices, cosmetics, and ingredients.

Our key offerings in the Consumer Healthcare market are: providing strategic innovation consulting covering all aspects of regulatory requirements, science and product development as well as conducting clinical studies (nationally and internationally) for the respective products.

Currently we are looking for a Senior Consultant for our Consulting & Strategic Innovation Team - preferably full-time.

## Main areas of responsibility:

- Scientific and regulatory consulting on consumer healthcare products and ingredients
- Assessments of quality, efficacy, safety, and regulatory compliance
- Compilation of dossiers for market authorization of THMPs, FSMPs, foods (novel foods), and certifications of substance-based medical devices according to MDR regulations
- Support of clients in strategic innovation and product development
- Offer and project management
- Growth of business with established and new clients
- Relationship management with key customer contacts

### Education and experience:

- University degree in science, medicine, business administration or related areas
- Minimum 3-5 years professional experience in regulatory affairs in the consumer healthcare space for ingredients and products
- Good understanding of innovation drivers for natural healthcare products
- Commitment, flexibility, initiative, ability to work under pressure and in a team
- Independent, problem-solving, and proactive team-oriented working style
- Very good command of written and spoken English

#### We offer:

- The opportunity to actively shape your area of responsibility
- An environment with motivated employees and a personal atmosphere
- An attractive salary according to your personal work experience
- 30 days' holiday at 40 hours per week
- Home office possible
